Assessor Comments	Great neat line of NSM Younger Ewes, Ewes present in forward store condition and are very plained bodied. Ewes are unmulsed but due to their plained bodies and very minimal breach wrinkle, I can't see a high maintenance issue. Ewes cut 3 kg of wool five months off-shears, so would suit a 6-8 months shearing program. Ewes range from 50 kg - 86 kg with the whole mob weighed.
