Any Access To Rams or Stags?	To vendor's best knowledge, this lot has had no access to rams or stags.		
Assessor Comments	Look no further for quality! These Ewes have had no assistance with supplement feeding, done on their own back in paddock on spray topped pastures, which reassures their easy-care and do-ing ability. Vendor focuses on fertility, yield and staple length, making sure he maximises \$/head. Vendor weaned 140% lambing which is a renown trait in this bloodline. Will not disappoint. Please note Ewes have been hanging around sheep yards for 3 days and vendor has another 1.5yo mob in same sale.
