Generally very quiet heifers that came through the yards well, small number did become agitated in the crush upon inspection, settled well back in mob.

Handled With	Bikes , Vehicles
Assessor Comments	A very good line of predominately flat back type red heifers. 1 brand heifers showing growth, constitution and natural muscling. Plenty of opportunity for these heifers, good enough to breed, sound enough to grow for any market. These cattle are tick & chemical free & would be an asset to anyone. Sold unjoined ready to get in calf to a bull of your choice. A very small % of these heifers have longer toes looking to break off on harder country, 1 heifer has a short tail Please note vendor has 2 lines of steers in same sale.
