	Generally very quiet steers that came through the yards well, small number did become agitated in the crush upon inspection, settled well back in mob.							
Handled With	Bikes , Vehicles							
Assessor Comments	A good line of predominately flat back type red steers. 1 brand steers showing growth, constitution and natural muscling. All the hard work has been done to this line of vendors youngest steers on offer & weight reflects this. Weaned into difficult season should perform well on quality pastures Plenty of opportunity for these steers, sound enough to grow for any market. These cattle are tick & chemical free & would be an asset to anyone. Please note vendor has 1 lot of steers & 1 lot of heifers in same sale.
