Assessor Comments	41 EU & Organic GQ Angus/Brangus Cross weaner steers that average 231 kg at delivery. Steers were weaned in October and pushed out into good soft mulga country with a mixture of herbage and grasses and have done very well. These steers are out of VGQ Glenoch Angus bulls with the cow heard being Angus/Brangus cows. Steers are well handled and are ready to power ahead on good summer grasses. Ideally suit a feedlot backgrounder or grow out and sell as EU or Organic bullocks. Please note odd steer with old scarring on face and neck (see picture) - not detrimental and 2 steers with old blue eyes- vision not a problem at all. Buyers please note with wet weather fallen at 'Orinya' since assessment please check with agent in regards to delivery as roads can be shut due to creeks and channels running over roads. These steers are renowned doers that have plenty of softness, bone and character that will pack on the weight if given the opportunity, defiantly not to be missed.
