Assessor Comments	Buyers an opportunity to buy a run of VGQ PCAS eligible crossbred weaner steers. These weaners have all the right bloodlines and genetics and are best described as medium to large frame relative to age. This line of steers have been well educated by vendor through yards and will remain on good quality hay until delivery. A very reputable line of cattle for sale that will be ideal to put away on grass and grow out to heavier weights. A line of steers that have plenty of bone, length and compensatory gain in them and will make excellent feeder cattle or bullocks. The odd steer noticed with some slight ring worm at assessment but not seen as detrimental.**Vendor also has 2 x other lots in same sale**
