Assessor Comments	Buyers, an opportunity to buy three decks of predominately crossbred feeder steers offered clear of ticks on property with the use of an endectocide. These steers were all mouthed at assessment milk & two teeth. They present in forward store condition and show adequate bone, length & confirmation that makes them ideally suited to the export feeder job. These steers have a LWR of 420kg to 510kg at assessment & will have a delivery weight of 436kg curfewed with a 5% delivery adjustment. They have been pretreated and vendor will guarantee these steers clear of all stages of cattle tick on farm with the use of an endectocide.
