Handled With	Steers were good to handle in the yards leading up to the pound & race. Of the slightly stirry steers it was only in the race before & in the crush where they were unsettled, once released settled back with the mob. Bikes
Assessor Comments	These steers would suit a feedlotter that can handle both trade & 100 day cattle or back ground the lighter steers & take on to heavy feeder weights. Of the steers handled 13 are 400 + Kg at assessment. They could also be taken through to yearling export slaughter weights. Buyers please note 1 steer was not mouthed.
