	These heifers worked very well through portable panel yards. Three heifers did become unsettled when being mouthed and weighed but settled down straight away with the mob. On the whole, well handled quiet heifers.		
Handled With	Bikes , Dogs , Horses , On foot , Vehicles		
Assessor Comments	Very quiet, well handled, soft heifers ranging from 330 to 390 kilos to average 347 kgs at delivery. These mostly British cross bred heifers have the temperament, quality and maturity to join to the bull of your choice as future breeders or alternatively would suit trade feedlots or growing out to heavier weights. Please note 1 heifer does have minor ring worm on her face and neck and 1 Angus cross heifer is slightly brindle in colour.
