	Heifers were a pleasure to handle through a basic yard set up and crush. A small percentage of heifers became slightly agitated when pressured, however when let back to the mob, returned to a calm state. Please view video for full satisfaction.

Assessor Comments	Buyers, here presents an opportunity to purchase a small but very tidy line of crossbred heifers. These heifers were weaned off northern bought cows and have done exceptionally well on Oats since May. These heifers present in good forward store condition and will power ahead on good feed. They would be ideal heifers to grow out to suit feeder market or grow out to be a tidy line of future breeders.
