Handled With	Heifers were easy to handle through the yards, two became agitated in the crush but settled when returned to the mob Bikes , On foot , Vehicles
Assessor Comments	A great line of Angus Feeder Heifers that are powering ahead on good feed. The heifers averaged 385kgs at assessment and are expected to be 370kgs at delivery. They were weighed into a tight 60kg weight range with the heaviest heifer 420kgs full and the lightest 360kg full. they are a mixture of Vendor bred and locally purchased heifers and would be ideal to feed for the domestic and export feeder markets.
