Assessor Comments	A quality line of EU accredited Angus steers. These steers out of a good line of commercial angus cows. The cows are a mixture of vendor bred cows and Titibar Pastoral bred cows. These calves would normally be weaned at assessment however for the best welfare of the animals with current weather conditions they will remain with the cows until the afternoon prior to delivery. There are 9 steers with white underneath being from Scrotum to Navel and one steers with a white spot on his forehead. These steers are antibiotic free and grass fed.
