Assessor Comments	A nice line of 29 weaned bucket reared Angus X Friesian heifers sired by A.I Angus bulls out of a large framed 700 cow herd. These heifers are really on the do and the opportunity to purchase cattle ready for a booming spring is running out. Heifers are showing plenty of bone, length and heaps of scope to grow into beautiful F1 cows, or could be fatten for your chosen market. The heifers were weaned on the 20/07/21 and have had 2 shots of 7 in 1, 2 shots of Ultravac Botulinum and a pour-on drench. There was 6 heifers showing signs of ringworm at assessment. The vendor is offering another 3 lots in this sale.
