Assessor Comments A nice line of vendor bred Friesian Steers that present in store condition and with all the hard work done. Steers are out of large framed cows and by A.I bulls, ideal steers to buy and carry on and take advantage of feed. These steers have frame and will put on bulk weight in a short time. They are presenting in store condition with 2-3 showing old ring worm scarring. A drench, multimin and right nutrition these cattle will take off for you. These steers were all cut a month ago. **Please note** 2 had old pinkeye scarring, photos shown.
