Assessor Comments	24 Vendor bred friesian steers A/C Clydevale Holsteins who milk 500 large frame stud friesian cows. and 1 Speckle Park X

steer. The steers present as very well grown steers with great bone and structure, which make them ideal steers to be fed on to bullock weights. The steers are all AI bred being by leading Holsteins sires and have had both their shots of 7 in 1 as calves. All the steers were gas-dehorned as calves but I did noticed a few have started to grow back little scurs. There was 2 steers treated for pink eye at assessment and another 2 steers noticed as having ringworm.
