Assessor Comments	A very nice line of 16 Quality Angus heifers 295kg surplus to requirements, sired with Langi Kal Kal and Stoney Pointy bulls. These heifers are good medium to large framed, heavy boned and very well muscled types bred using top genetics. They would be perfect future breeders to put with a bull and should grow out to magnificent cows given the opportunity. **Note- 44 steered from this property also offered in this sale
