Quiet: 9 head Slightly Stirry: 3 head	Quiet: 8 head Slightly Stirry: 4 head	Temperament not assessed in Paddock

These cows were observed being mustered to the yards in a much larger mob and none appeared agitated at that stage. After being drafted and weighed a couple got anxious but settled down ok in the cooling yard.

Assessor Comments	A pen of crossbred cows PTIC to top quality Angus bulls. Buyers please note: the last 3 cows were unable to be mouthed due to a join breaking on the head bale but were purchased early this year off Auctions Plus as young cows and the nine that were mouthed were from 6 tooth to a good sound young full mouth, balance classed as 8 tooth. Odd cow with slightly rubbed eyes from Buffalo fly. NB: Be aware of tight delivery period. ALSO BUYERS NOTE: The large blue roan cow with down horns in the pictures is NOT included in sale the poley blue roan is included. This lot was described as lifetime traceable as no orange NLIS tags observed at assessment. Considering the current market these cows can confidently be purchased to carry through to calving or whatever the purchaser wishes. Vendor has other cattle in this sale.
