	Very quiet cattle and easily handled in yards. Used to people on foot and on bikes being handled quietly		
Handled With	Bikes , On foot , Vehicles		

Assessor Comments	The is a very good group of heifers offered as surplus to needs. All have been selected on temperament, structure and muscle and would suit any program looking for moderate British breed cattle. All have been exposed to a low birthweight bull, with 8 PTIC via ultrasound to be 60days in calf. Two NDP - however will be with the bull and may have conceived later than the others.
