Assessor Comments	These are a top line of Angus Heifers, PTIC 6 to 8 months in calf. Though there's only a small group of these heifers, they would be the envy of your neighbours, holding pride of place in your front paddock. These heifers have been tremendously well grown out before being joined with Angus bulls and have always been handle with low stress practices. If you're going to spend the money to buy one, buy one that you're happy to own. This vendor also has 9x9 cows & calves in this sale as well.
