	These cows moved generally pretty well through the yards. They do move a little faster when put under pressure, but will block up. 1 cow was slightly agitated when being mouthed in the crush and 2 cows pushed to the back of the mob in the yards when under pressure.		
Handled With	Bikes , Vehicles		
Assessor Comments	A small line of NSM Angus cows doing a great job on their calves at foot and ready to join to the bull of your choice. These cows are only for sale as the vendor has recently sold off a bit of country and needs to reduce numbers, otherwise these cows would be retained to breed on with. NOTE - 1 cow has a long back toe. They have just come through a really wet winter / spring which has been hard on their feet. All cows are sound - no cows were lame at assessment. NOTE - 2 cows have the smallest amount of white on their udder. NOTE - There is 9 steers and 9 heifers in this mob - all marked. NOTE - the vendor has another run of cows and calves in this sale.
