Assessor Comments	Very smart line of pure Karoonda blood young females. Genuine classed heifers that were part of the keeper draft, unfortunately slipping out of the system this year, but are far too nice for a kill job, and so were re-joined for an Autumn calving. You only have to look at the older sisters in this sale to see what outstanding matrons these young females will grown in to. These are exceptionally long soft bodied, traditional style Herefords with stacks of bone whilst maintaining feminine features. These healthy young mums to be represent everything this vendor strives to produce, being a moderately framed, productive female with good length and a strong maternal instinct. Very nice young females to take on as replacements or for a trade. Buyers please Note. 1 Black Baldy Heifer in mob, PTIC to Reiland Angus Bull, it is at the buyers discretion to leave her out (708kg at assessment) Please see photos & video for full contentment
