	Cattle that have been properly educated with Horses, Dogs, Bikes & Vehicles, as well as being very quiet & sensible to handle on foot in and around the yards. All led up the race well and stood quietly on the scales. A real credit to the vendor on the time & education that has been put in to these cattle. 1 Heifer a little bit anxious in the larger yard, wanting to push in to the mob and get away from the pressure. Listed above as slightly stirry.		
Handled With	Bikes , Dogs , Horses , On foot , Vehicles		
Assessor Comments	Very smart line of pure Rieland blood Heifers. These are genuine classed females that unfortunately slipped out of the system, are far too good to kill & so were re-joined for an Autumn calving. Beautiful line of young breeders. These are long soft bodied young females with feminine features that represent everything this vendor strives to produce in their breeding herd, being a moderately framed, productive female with good length and a strong maternal instinct. These healthy young females carry years of select Reiland Angus genetics in their pedigree, and are PTIC to L.B.W Reiland Angus Bulls. Ideal line of young breeders to retain or trade. Buyers please Note. 5 small splashes of white noted on flanks/udders. 1 white eye, 1 small eye blemish. 1 Heifer presented with a white belly (flank to brisket) It is at the buyers discretion to leave her out (598kg at assessment) Please see photos & video for full contentment
