Cattle that have been properly educated with Horses, Dogs, Bikes & Vehicles, as well as being very quiet & sensible to handle on foot in and around the yards. All led up the race well and stood quietly on the scales. A real credit to the vendor on the time & education that has been put in to these cattle.

Assessor Comments Very nice line of young Shorthorn females. Brought in as young calves on cows, of which their mothers have not long been sold, most weighing over 800kg. These are a very nice line of true to type Shorthorn Heifers. Plenty of frame & stand up. These healthy young females are PTIC to L.B.W Reiland Angus Bulls and due to put blue roan calves on the ground from late February onwards. In ideal calving condition, with the temperament to suit a hobby farmer partial to the Shorthorn breed, or otherwise perfect young replacement breeders or a trade opportunity. Please see photos & video for full contentment
