	Cattle that have been properly educated with Horses, Dogs, Bikes & Vehicles, as well as being very quiet & sensible to handle on foot in and around the yards. All led up the race well and stood quietly on the scales. A real credit to the vendor on the time & education that has been put in to these cattle.

Assessor Comments	Outstanding line of pure Karoonda blood females. Hard to find 2nd calvers. These are genuine classed females that unfortunately slipped out of the system this year, but are far too nice for a kill job, and so were re-joined for an Autumn calving. Exceptionally long soft bodied, traditional style Herefords with that desired cherry redness to their coat, feminine faces and a maternal style about them. These matrons have productivity firing in every direction - Length, depth & width with a huge amount of bone to carry it all. These healthy young experienced mums represent everything this vendor strives to produce, being a moderately framed, productive female with good length and a strong maternal instinct. Beautiful young females that would be an outstanding addition to any herd & please the most discerning Hereford producer. Please see photos & video for full contentment
