Assessor Comments	Annual Sale of Heifers with Calves at foot from a recognized, high performing South Gippsland Herd. This lot represents half of a line of 40 x 40 which were randomly split through the yards when assessing. Quality outfits that would complement a top shelf Angus breeding operation. Vendors are focused on herd improvement through an extensive AI program and follow industry best practices for animal management, health and handling. The Heifers are very well grown and are in fresh, Forward Store to Prime condition. Calves will be marked prior to delivery. Six Heifers were noted with White udders and One had a blemish in One eye from Pinkeye scarring but was fine to handle.
