Assessor Comments	Here is an opportunity to buy a total of 129 Second Calving Angus Cows - Drafted Two Ways with the Top group being split in half and offered as a run out the gate. (This is One of those lots, obviously). Bred by TRT Pastoral on King Island using Te Mania Genetics, these Cows calved as Two Yr. Olds last Spring and were put back with the Bulls in large numbers for a Six Week joining. These were the Heifers that were preg tested empty, or non detectable and sold on A+ in April this year. Amazingly, all but Two joined up when brought across Bass Strait. They are beautiful young females with good frame. Plenty of width and depth as the photos and videos should indicate. The Vendor has specialised in selling joined Heifers for Seven years and uses only selected LBW Te Mania Bulls. He has never received a complaint from Buyers regarding Calving difficulties and has calved Hundreds down himself without ever pulling a calf. I doubt there will be much better Cows offered on A+ Today.
