Handled With	The heifers were a pleasure to handle and are very quiet and took instruction well Bikes , On foot		
Assessor Comments	Excellent line of 1stX heifers that will ready to produce those heavy scale busting milk vealers if given the feed to do so. A couple in this draft look like there may be some jersey in the background however as many are aware this adds more quality milking for the calf and can produce even better results. Bucket reared so they are quiet as can be.
