Presented in fwd store condition these Hfrs are easy to work in the yards only getting agitated or stirry in the crush. Cattle had walked 14km through hill country to the yards prior to assessment. Noted 2 with white on udder and 2 with small white dot on eye not considered detrimental. Opportunity to purchase PTIC hfrs to rebuild or start up or just calve down and trade. Please note the vendor has another 1 deck of 27 vendor bred PTIC Hfrs in the same sale.
