Hand reared very quite heifers

Handled With: Bikes , On foot , Vehicles

Assessor Comments: A magnificent line of F1 heifers in ideal calving condition. Heifers have been grown out and present a opportunity to secure young breeders with years of breeding heavy milk vealers ahead them. These are as nice a run of heifers that you will find

	and calving early to give the best opportunity to get as much weight as possible into their calves. Work through the yards with easy and are quite to walk through in the paddock. Joined to a Angus bull that has been used over heifers every year with great results. These heifers should note be over looked with the another 3 lines in the same sale to put together a neat run of F1 vealer mothers.
