Assessor Comments	420 June/July drop good quality lambs by Chadwick White Suffolk rams out of medium to large framed WALLALOO PARK BLOOD Merino ewes. These young mixed sex lambs should continue to grow into good heavy trade weight lambs given time and nutrition. The ewe portion of these lambs could potentially be kept as future breeders. 1 lamb was noted to have a weeping eye at assessment, will remove at delivery if still weeping. 2 lambs shorter in wool length after being shorn by mistake at crutching time. A few lambs had fly at crutching and were treated, they are healing well and are in the assessment. 1 lamb noted to have a black face. A small tail was taken out at assessment.
