Assessor Comments	An excellent opportunity to secure a line of vendor bred Wether lambs ex Paringa Station. Line is made up of 770 x June/July 2021 Drop Dorper Wether lambs, presenting in good store to fresh condition. Lambs have benefited from an excellent start on quality pastoral feed and with appropriate further feeding, will continue to develop into a top line for the trade. As seen in photos larger % of lambs are marked but tails still present - there is a small number of Ram lambs included in the count. **Is some dry scabby mouth present on a small percentage of lambs**.
