Assessor Comments	Good and very good quality Poll Dorset X lambs that were individually weighed 25 - 35.5kg 9 hours off feed. Lambs show good length of body and stand on good bone. These lambs in my opinion are the younger lambs and the also carry less fat cover than lead draft. Good lambs that have performed very well for previous purchasers. 1 lambs with scur in assessed lot. Lead draft 36kg plus also in this sale. Odd lamb with grass seed in eye treated at assessment and will also be done prior to delivery.
