Assessor Comments	180 2nd X White Suffolk lambs that have been weaned onto fresh clover paddocks. The lambs present in fresh sappy condition. The lambs have plenty of genetics behind them being by Pioneer White suffolk Rams out of ewes by Crome and Yarram Park Rams. There is plenty of shape and bone in them and would make ideal trade lambs, but could be grown right out to export weights if required. They have had all the treatments required and were drenched with 3 in 1 combination at weaning onto fresh clover paddocks. The majority of lambs have been crutched but there is a handful that are dirty and will be done prior to delivery. Please Note there is 530 similar bred and weight lambs 25kms away at Bookaar in same sale if you would like to put a neat B Double of lambs together.
