Assessor Comments	A line of 228 4.5 year old ewes. These large frame Mid North of South Australia ewes are sheep that belong at the front gate. These ewes are bred from Leachim bld, the vendor spends good money on purchasing replacement rams every year concentrating on ease of care, wool cut and fertility. These traits are evident in these ewes with soft and well nourished wools and big plain bodies. Vendor has been weaning 105 to 110% of merino lambs year in year out. They are ready to place the ram of your choice in.
