|                    | Steers worked very well through the yards and were a pleasure to handle. A very small percentage of the steers became unsettled in crush but settled once back in the mob, cattle temperament is a credit to vendors.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |                                           |                                     |
| Assessor Comments  | Buyers, on offer are 37 predominately Charolais infused steers the would suit backgrounders looking to background for the Woolworths trade . These steers would also be ideal to take through trade feeder/ export weights or to keep and take through to kill weights with potential MSA grading's. These steers show good weight for age with plenty of length and softness. Buyers please note 2 head still males, 2 steers with blight at time of assessment. *see photos.* and 1 steer with minor warts. Steers are very tidy around the heads, This is a quality little line up of weaners and are not to be missed. *Please note vendor has another lot in same sale to make up light 3 decks.* |                                           |                                     |
