Assessor Comments	Attention all feedlot operators today we have to offer 12 Purebred Wagyu Steers. These Steers have been in a backgrounding program fed on natural grass and are starting to find their feet and gain weight. All of the Steers have a full list of pedigrees which will be attached in the document so I encourage you to go across and have a read. The Steers are showing great frame and a reasonably soft temperament with only a few getting slightly stirry throughout the assessment. This is not always an opportunity to see in our district so don't miss out on securing some top pedigree Wagyu Wagyu Steers. Please note these Steers are located in the Tick area and will require clearing prior to moving across the Tick free line, this will be at the buyers expense. The Steers have been treated with an organic substitute to help with the clearing process.
