Any Access To Bulls or Stags?	To vendor's best knowledge, this lot has had no access to bulls or stags.		
Temperament	Yards	Crush	Paddock

	Quiet: 20 head	Quiet: 12 head Slightly Stirry: 8 head	Temperament not assessed in Paddock
	These heifers worked freely through the yards. A good percentage of them became agitated in headbail, most likely as a result of being weighed the day before assessment by the vendor.		
Handled With	Bikes , Dogs , Horses		
Assessor Comments	A handy line of Charlais cross heifers that are noted good doing cattle. They are tidy around the head, either being polled or very well dehorned. They are well handled, soft heifers that are all one brand. With all the hard work being done, these heifers are soft and mature enough to be suited to join to a bull as replacement breeders, background through to trade or heavy feeder, or kill weights. There is one heifer that is brindle.
