| Assessor Comments  | A lovely small lot of purebred Black Limousin heifers which are not eligible for registration with Benjarra genetics (Kentucky & Canadian Club). Would make ideal future breeders for a commercial breeder or anyone looking to breed potential show cattle. Heifers were a pleasure to handle in the paddock while photos were taken and settled quickly after the weighing process. These heifers display exceptional growth and weight for age. |                                                            |                                        |
