Assessor Comments

1 brand Quality Droughtmaster, Charbray type heifers NSM. A very good line of NSM 1 brand Droughtmaster, Charbray type heifers. Purchased from the Emerald district and were the lead draft of heifers. Heifers are well grown, show good bone and type. Heifers did tend to run about a bit in yards but handled very well through the race and crush. Note - 1 heifer with a small lump on mid back, 1 x No 0 heifers in mob - mouthed - good milk teeth. These heifers would be good line of future breeders or trade/export feeders. Vendor has another lot of Droughtmaster heifers in this sale.
