Assessor Comments	Good quality vendor bred Angus weaner heifers. Heifers weighed 217kg to 324kg to average 269kg (heifers were yarded overnight) with an estimated delivery weight of 272kg. These heifers are out of line with our vendors normal calving due to the drought and would normally be yarded at the Tenterfield Feature Angus Weaner sale in March. Cattle are handled on foot or a in ute or side by side and were good to draft and access.
