	A few of these heifers stirred up slightly when isolated or pressured. Nothing to be concerned about & they settled well in a mob.

Assessor Comments	An attractive line of vendor bred Charolais cross heifers. These heifers show good growth for age & have plenty of length & bone. They would make nice cows as breeders & would also be terrific feeder cattle. These heifers vet treatments are up to date, including a Bovilis MH + IBR. The Cannock cattle are cell grazed & are broken in to one wire electric fences.
