Handled With	A very well handled mob of feeder steers. They were excellent to handle and work with. Bikes , Dogs , Vehicles

Assessor Comments	A quality line of EU angus feeder steers on offer. These steers are well grown and will continue to grow and put on weight. These steers have performed very well in feedlots in the past. They are quiet to handle and work with. 3 steers noted with warts, and one with a blue eye. Ideal weights. Please note I have another 38 feeder steers on A+ this sale to make up a b-double in the Bathurst area.
