Eligibilities Russian Eligible Saudi Eligible
 J-BAS Score 6

Vendor Comments High Marbling Genetics with consistent positive feedback from Feedlots. Steers are very quiet to handle.

Frame Quality Grades Store Condition

	Medium	88%	Good	85%	Fwd Store	25%
	Small	12%	Fair	15%	Store	75%
Temperament	Yards		Crush		Paddock	
	Quiet: 51 head		Quiet: 49 head Slightly Stirry: 2 head		Temperament not assessed in Paddock	
	Steers are quiet , well handled & were easy to work through the yards. Steers that settled down quickly after weighing as a mob.					
Handled With	Bikes , Vehicles					
Assessor Comments	A lighter weight group of EU Accredited Angus Weaner Steers . All Vendor Bred by the Wills Family. Ave full weight at assessment: 217 kg (185 - 280 kg). Vendor has another 110 Hd of these Autumn drop weaner steers in this sale .Ideal steers to background out to heavier Feeder steer weights . The Wills family have a very good performance record with feedlots. Steers that are just starting to clean up in the coat & really jump ahead now. 5 Hd with with eye scars in 1 eye only. All steers have vision & are considered feedlot acceptable & performance is not affected . A small % of the steers are showing some ringworm around the head & neck. Not detrimental & will clear up with time . Steers are showing good frame & are in store condition & should gain weight quickly on good feed. All details as provided by the vendor
