Quiet: 20 head	Quiet: 16 head	Quiet: 20 head
Slightly Stirry: 1 head	Slightly Stirry: 5 head	Slightly Stirry: 1 head

Cows and Calves were very good to handle, with 5 becoming slightly stirry when being mouthed but completely settled when not restrained. In the yards and paddock I have noted 1 being slightly stirry only because she has a baby calf and was being protective. On a whole, a very good mob of cows to handle and calves seem to have a natural quietness to them as well.
