Assessor Comments
Buyers please see an opportunity to purchase a line of genuine breeder quality PTIC Angus heifers with their entire lives ahead of them. These heifers were joined to low birthweight Angus bulls for 12 weeks and have been pregtested by a vet 2-5 months in calf. These heifers were all sired buy Texas Angus bulls. Heifers do not have a visible number brand but were mouthed at assessment and they were all still genuine milk tooth. Buyers please note one heifer with a white face and one heifer showing slight Santa Gertrudis influence. Buyers one heifer is missing the brush of her tail.
