Assessor Comments	Buyers here's a 4 in 1 out fit, located 5 km outside Wandoan, This foster cow has reared dozens of calves, she will rear any calf that will follow her and does not need baling up to do so- she will do a great job of them in the paddock. Her udder is in very good condition, feet, hips and structurally appear sound. Has two weaners going with her and is PTIC 6 weeks to a polled Charbray bull. Feel free to call and discuss. Cows like this are hard too find!
