Good to handle.

Assessor Comments	Restockers these first calvers will fit into most herds as fertile well handled young Breeders, they are doing a great job on the charolais cross calves at foot and have been running back with a Polled Charbray sire. These young cows where good to handle through the yards, 2 moved fast through gates, race and weigh box but settled once in mob. The eyes, udders, hips and feet appear to be sound on these cows at assessment. There are several brands in this line, all genuine young breeders, I recommend these as restocker cattle.
