14 Head (100%) PTIC, from 2 to 5 months (at time of assessment). Certificate Not Available.

Frame		Quality Grades		Store Condition		Muscle Score	
Medium	100%	Good	100%	Fwd Prime	20%	C	100%
				Fwd Store	80%		

Temperament

Yards	Crush	Paddock
Quiet: 7 head Slightly Stirry: 7 head	Slightly Stirry: 14 head	Temperament not assessed in Paddock

Cows behaved like typical older cows, they were assessed the morning after being preg tested, therefor were reluctant to work throughout the yards especially when in the force and race. They became agitated while being mouthed although did settle when released into a larger yard with the balance of the mob.

Assessor Comments

A quality line of Angus Cows, 9-10 Years old, Preg Tested 2-5 Months in calf to a Speriby North Angus Bull. At assessment the cows weighed from 520-744kg to average 606kg full, with a projected delivery weight of 576kg presenting in a forward store to prime condition. All of the cows were mouthed at assessment with 7 cows having sound mouths, 3 broken mouths and 4 fully worn/gummy. 8 cows were noted to have white patches on their udders, 1 cow with a white birthmark on her neck and 2 cows with an old blue eye - not considered detrimental. A great opportunity to purchase proven Angus Breeders. Please note the sister lot in the same sale, running on the same property although a different vendor (B&A Lawrence).

Assessor

Matthew Duff (Level 1 Accredited) Phone: 0401 949 323

Delivery Period

13/12/2021 to 17/12/2021 (5 days)
