Assessor Comments: This lot will be out of a run of 100 Angus heifers and calves. Heifers are generally quiet to handle and can be walked through in the paddock and yards with ease. They are principally medium to small in frame score and present in store to fresh forward store condition. Calves are generally fresh in condition and have not been marked. These cattle will excel given the right conditions and treatment. Calves have not been mothered at assessment, but every effort will be made to balance out sex of calves at delivery. During assessment of heifers odd heifer was noted with slight blue eye or white spot in the eye. N.B Balance of the cattle will be offered in the same sale in 2 lots.
