Assessor Comments
This is a very nice line of Charolais and Charbray cross heifers and calves. they were purchased from a reputable cow herd in February of this year as PTIC heifers. they were calved out and rejoined to the Speckle Park sire from the 29/9/21 to the 29/11/21. there is approx 10 yellow heifers, 6 white heifers and 1 grey heifer(Please refer to photos for better visual description). the calves averaged 165kg at time of assessment and the is 13 steer calves and 4 heifer calves. (please note calves were marked approx 3 weeks ago and some steer calves have still got the purse attached.
